Elect LIVINGSTON To Represent YOU!

Not to GEORGE GRANT!

As third ranking member of the committee on agriculture, GEORGE GRANT knows that cotton, a basic Alabama farm product, is an important means to a good living for Alabama farmers. He knows that it's a "raw material" that helps keep the wheels of industry turning, producing incomes, food and fibre for millions. GEORGE GRANT, in Congress since 1938, has worked tirelessly for legislative measures that are for the best interest of the Alabama cotton industry. He's the kind of man you can count on for help. ### Honest, Southern, God-fearing leadership in Montgomery

George Wallace has made his pledge to the people of Alabama. George Wallace has clearly demonstrated, in every phase of his public and private life, the integrity, the sobriety, the deep-felt Christianity, the leadership ability and dedication which Alabama needs—needs desperately—needs now.

George Wallace stands for—and stands up for—the things that we all want for our state. And we, the people, showed our confidence in his leadership with an outstanding majority of our votes on May 1. On May 29 we shall elect him Governor.

Because everything in George Wallace's past record proves that, when he stands on the hallowed spot where Jefferson Davis stood and takes the oath of office, a better and brighter day will dawn for all of us and for our state.
